Comments

■ Negative comments:

- Old data, Incorrect data, and so on
- Useless more than we thought
- Comments are currently invisible
- No comments in the mailing list so far

Schedule review

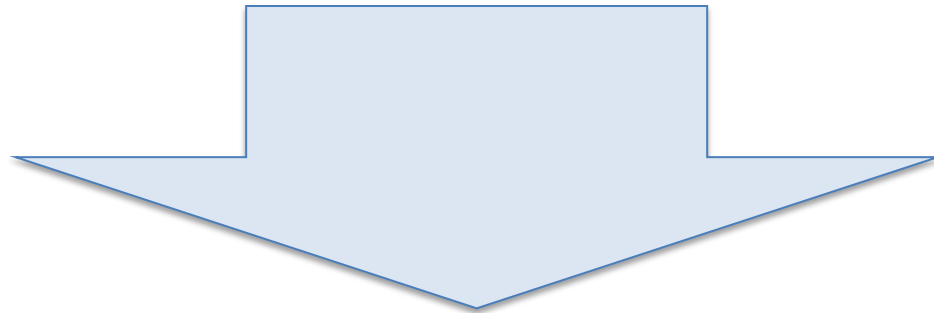

The next steps of this project in the light of the post mortem

Proposed next steps

- **Continue to promote RepOSS and gather additional OSS information**
- **Review and revise contents: collected properties and OSS**
- **Refine the web system**

Continuous Promotion

- Domestic promotions in China, Japan, and Korea
- Global promotion

Are There any plans?

Gather additional Information

- **Add currently having data (i.e. from China MB)**
- **Allocation Change (i.e. By Horizontal Properties instead of By Vertical OSS names)**

An Example of Incorrect Data

Merging mistakes between Scarab, Subversion, and Trac?

Official Site's URL:

Scarab:

<http://subversion.apache.org/>

<http://subversion.tigris.org/>

Subversion:

<http://trac.edgewall.org/>

Trac:

<http://scrab.tigris.org/>

- How to reduce these kind of mistakes
- What procedures are useful?

Review and revise current information

■ Properties :

- Enhancements: i.e. Quality, Vulnerability, and so on)
- Pointing existing web sites: (i.e. OSS wiki)

■ OSS (i.e. Additional OSS especially new comers)

■ Other

Refine the web site

- **Basic information visibility**

- **Gathering Information automatically by tools directly from web sites**

Resolutions and Schedule

- **Agree continuous promotions and gathering current OSS properties @this WG3**

- **Agree concrete enhancement items @next WG3**

RepOSS Road Map
