

Japan MB's Report

2015-05-27

Northeast Asia OSS Promotion Forum

WG3

Japan MB

Our Stance

In order to adapt to the new situations and new requirements of OSS cooperation, and without reducing the number of existing working groups, Northeast Asia OSS Promotion Forum will adopt a more flexible and high-efficient working group cooperation mechanism: as long as there are companies from two sides participating in a working group, then this working group is allowed to continue the normal operation, and three sides will share the whole process information and achievements of this working group.

Chairman's Statement of the 13th Northeast Asia OSS Promotion Forum

Our situation

- Now, Japan side has only two members. (Kotaro Noyama & Chieko Hiramatsu)
- Several observers participated in past meetings. (Okinawa or Tokyo or ...)
However, they did not participate formally.
- We continue the effort to increase members.
Activity delays for the time being, but asks for understanding.
- If there are even concrete works, we can contribute by a review.

RepOSS collector's status

- Development delay.
