

Japan MB's report

Oct. 19 2016

Japan OSS Promotion Forum

Fujitsu Ltd.

■ Japan MB's activities

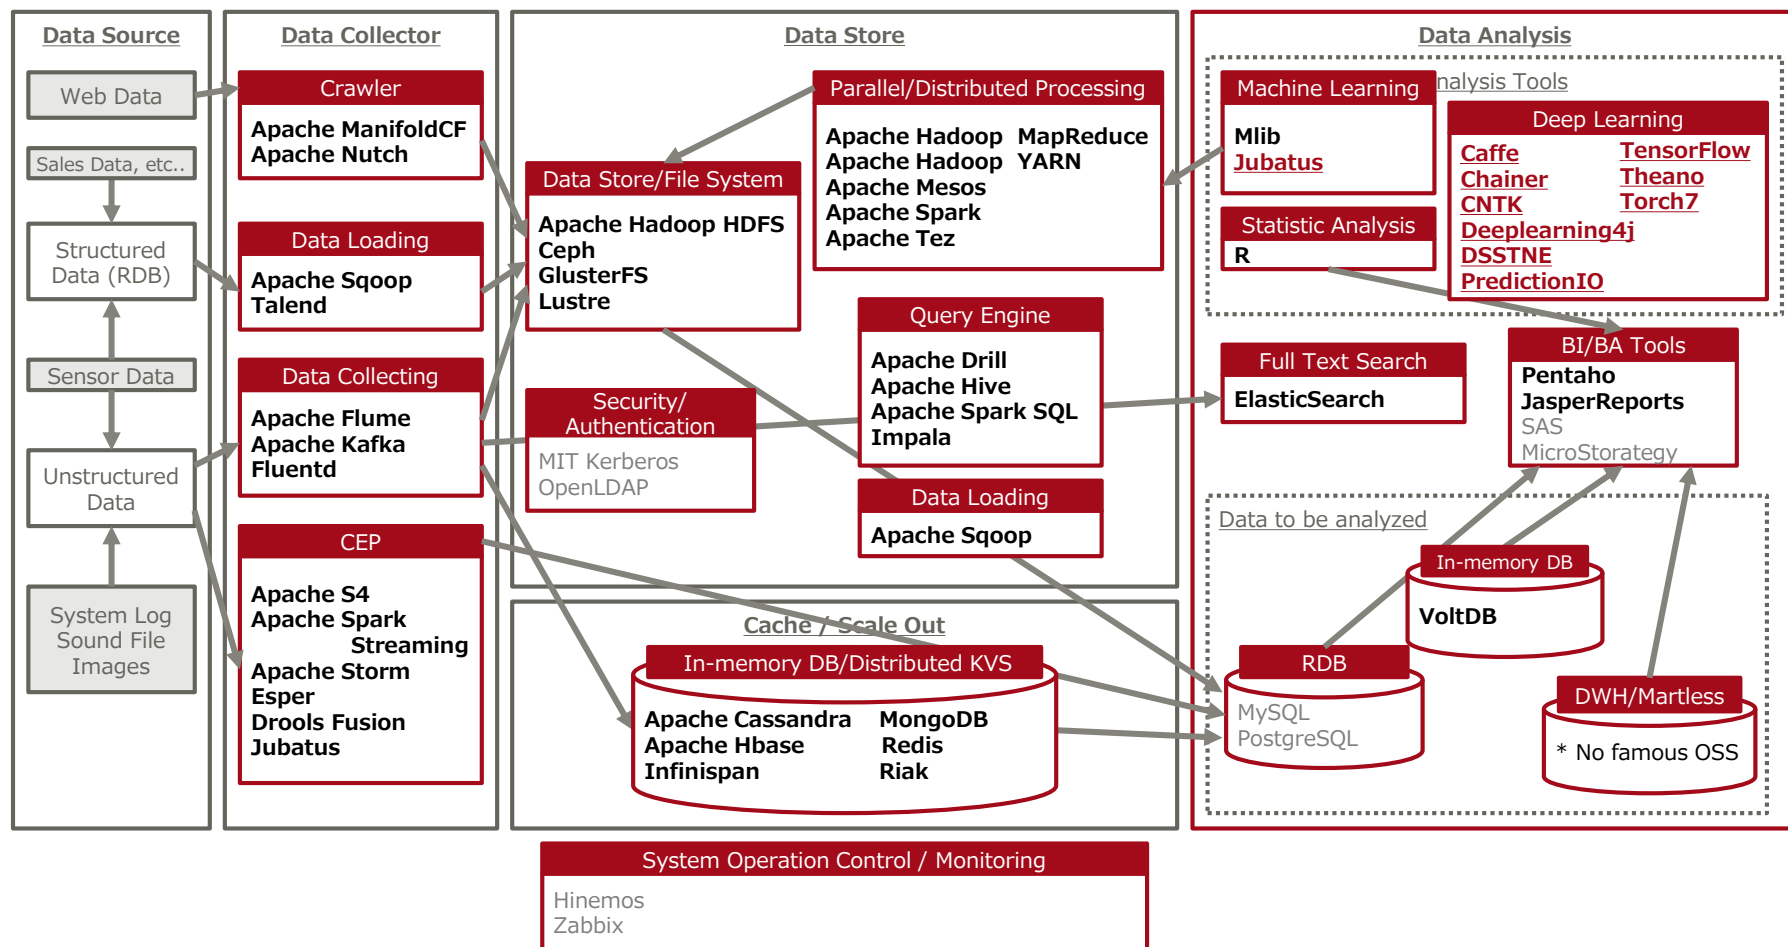

■ Survey of OSS in Big Data Platform

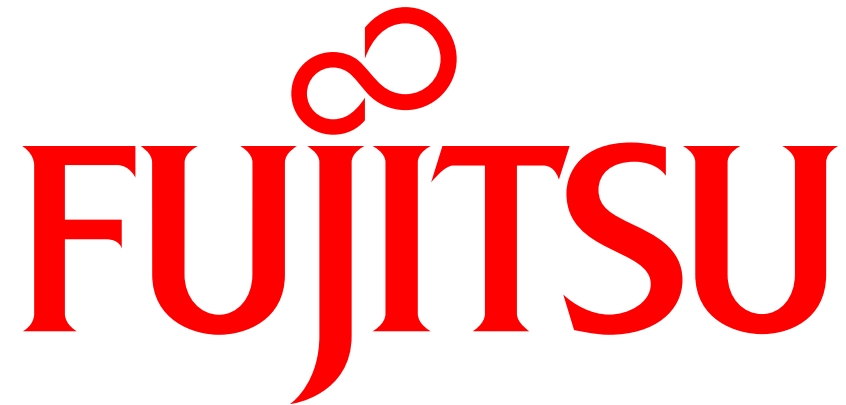

- Update data
- Add some software which are used in machine learning or deep learning

■ OSS Maturity Assessment System of Fujitsu (Internal Use)

- 1. Developer's Activity (like the BlackDuck OpenHub)
- 2. User's Activity (ex. traffic of mailing list, number of books, ...)
- 3. Software Quality (ex. number of bugs, quality of unit test, ...)
- Strengthened a comparison function

Survey of OSS in Big Data Platform
